Dear Family & Friends,

Greetings & love in the Name of Jesus our Lord! Hallelujah! Prayers for rain have been answered - over and above expectations! Two inches may be consider a small amount, but in the semi-desert 4th Region of Chile, it was cause of jubilee! Thankfully it rained two different days through the region, sealing it with abundant snowfall in the outlying areas & mountains. The local reservoirs, which are fed by the melting snow on the Andes Mountains, are the main source of irrigation water throughout the year.

Glorious rainfall over the parched city of Ovalle

Flooding due to the rains in the commercial area.

Sunken park area on the avenue underwater.

Ovalle's main downtown area becomes a river.

Outside Ovalle: the abundant snow at Pisco Elqui.

Outskirts of Ovalle in Tulahuen towards the Andes.

The Lord has honored the prayers of His people and has broken the curse upon the land. Imagine having to live on only 50 liters of water per week for all of your family's needs!!!

Thank you for praying with us & standing with us concerning this dire need. We understand that two major happenings helped to break this 100 year drought: 1) the unity of pastors & believers humbling themselves, forgiving each others, & praying in unity for their area, & 2) the local government reversing their decision to allow the National Auditorium of Ovalle (reconstructed after 1997 earthquake) to be used for religious reasons, & allowing local pastors & believers to seek God on behalf of the government, businesses, people, and families, free of any charges, to break the strongholds over this city & region.

**TO JESUS BE ALL THE GLORY FOREVER & EVER! AMEN!!!**

In His vineyard together for His honor and glory,

*Sid & Kathy Luke*
