Dear Family & Friends,

Greetings & blessings in the wonderful Name of Jesus Christ! Below are pictures of our recent celebration of the inauguration of the church building in Antofagasta, Chile that we have been working on some 9 yrs while continuing to use the building. It has been an extremely long road but faithfulness & diligences have paid off. The original building was torn down and a sturdy, seismic resistant structure was raised.

The second floor remains to be finished, but a city building codes commissioner came to review it & was extremely impressed with the sturdiness. Since Chile is one of the most seismic countries in the world, it is vital to build to resist violent tremors. September 2015, near Ovalle suffered a violent quake 8.4 Richter that shook for 4 long minutes. The initial quake stops but the earth continued to vibrate, with more strong replicas which will bring down buildings already damaged.

Pastors Marcos & Jaqui and their family have worked sacrificially long & hard ministering and building spiritually and physically. They are true servants of the Lord.

Gospel with them.

Dealing with government permits costing over US\$4,000

Surrounding mountains are settled by refugees  
from Bolivia, Peru, Ecuador, & Colombia.  
Most homes are cardboard & plastic.

New Bolivians believers

done by the church.

Gypsy communities living on the  
beach. Part of the Chilean culture.

We do ask you keep the government paperwork prayers. Part of the US\$4,000 has been generously donated, but we still must to raise US\$2,300 for government accreditation. If the Lord would lay any amount on your heart to help, it would be greatly appreciated.

Thank you for your loving kindness toward us and this ministry. We love and appreciate you, and pray this Christmas season be filled with the love and hope of Jesus!

In His vineyard together for His honor and glory,
